## **Di3A students will meet the delegation of the Federal University of Viçosa (Brazil)**

*Monday October 7th 2024, 12.00 – 13.30, Di3A Classroom Giuseppe Perrotta, Via Santa Sofia 100, Catania*

The University of Catania, and in particular the Department of Agricultural, Food and Environment, and the Federal University of Viçosa are linked by multiyear cooperation agreements and by sharing several teaching and research interests. For this, several mobilities and double degree programs have been carried out in the past years. The Federal University of Viçosa is a partner University of the PhD Course in Agricultural, Food and Environmental Science.

With the main aim to reinforce and expand these initiatives, a delegation of professors from the Federal University of Viçosa will visit Di3A.
